Red October Sale Guest Consignors

Circle B Angus • Kittitas, WA • 253-208-9884..... Lot 25
Circle KS Lowlines • Olympia, WA • 360-352-3870..... Lots 22, 46, 47
HB Ranch • Issaquah, WA • 425-391-7916..... Lots 29 - 31
Jewell Cattle Co. • Elma, WA • 360-470-9250 Lots 20, 21
Lenhard Angus Ranch • Colville, WA • 509-684-2928..... Lots 26 - 28, 32 - 38, 51
Rock Creek Lowlines • Molalla, OR • 503-829-6999 Lots 48 - 50

Sale Headquarters:

Prairie Hotel, Yelm, WA 360-458-8300

Directions to the sale site:

From Seattle, take I-5 about 37 miles south to exit 127. Take WA 512E 2.5 miles to WA 7. Turn right (south) on WA 7 5 miles to WA 507. Follow WA 507 13 miles. Turn left onto Vail St. SE and go 5.2 miles. Turn right onto 153rd Ave SE and go .4 miles on the left. Lazy G Lowlines is just past Bornstein Lane SE. Watch for the signs.

Lunch will be available at the sale.

Online updates:

New breeding information and photos and other catalog updates will be available on the Auction Effertz website: www.auctioneffertz.com.

Insurance:

Livestock insurance will be available at the settlement desk. If you are leaving your cattle at Lazy G Lowlines more than a day or two, you should insure your purchases.

Trucking:

We will coordinate trucking to keep it as efficient and economical as possible.

Breeding privileges:

For each Lazy G female purchased, Glenn and Nancy will offer 2 straws of Bluey, "Rudy", Red Label or Lazy G Beau semen for use on that female. The certificate to register one calf out of the female purchased at the sale will be provided to the buyer at no additional cost.

Friends,

While the "Hunt for Red October" was a popular movie, the "Hunt for Red Lowlines" has been a challenge that Glenn and Nancy Chapman have met head on! After several importations from Australia and a strategic line-breeding program, coupled with aggressive embryo transplant, have allowed them to offer North American Lowline breeders this fantastic opportunity to select from their high-carcass quality influenced herd. This is the largest offering of red and red-carrier fullblood Lowline cattle in the world!

Many of you know that Murrumbong LGL Bluey, the predominant Lazy G herd sire, is one of the highest rated Lowline bulls ever tested in MMI's comprehensive DNA test for gene markers for marbling.

If you are in the seedstock business, this sale offers you a world of opportunity. If you are in the commercial beef business, the sale offers you cattle that can increase your efficiency, lower your costs and improve your bottom line. If you are in the grass-fed beef business, this sale offers you a multitude of ways to incorporate genetics perfectly suited for easy-fleshing, well-balanced cattle that will produce high-quality, high-yielding carcasses in a forage-based beef production system.

Don't miss this chance to be on the forefront of the dynamic beef cattle industry. Be in Yelm, Wash., on October 1 for these exciting genetics offered in the first "Red October Sale."

TERMS AND CONDITIONS

Terms: Terms of the sale are cash or check payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certified check as settlement before releasing any cattle.

Insurance of Purchases and Risk: All animals are the seller's risk prior to their sale and become property of the buyer as soon as declared sold by the auctioneer. Arrangements will be made to have insurance available when making settlement.

Bidding: All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer and his decision will be final.

Health Papers: A vet will be on hand to write interstate health certificates.

Registration and Transfer: All animals sell with registration papers from the American Lowline Registry and will be transferred after the sale at the seller's expense.

Announcements: Any errors or changes of information contained in the catalog will be announced from the auction block and such announcements shall take precedence over information contained in the catalog.

Breeding Guarantee: Bred females in the sale have been pregnancy examined by a veterinarian and found to be safe in calf. Bred females and females with calves at side are considered to be breeders and no further guarantee applies. The open heifers selling are guaranteed to be breeders. If a female appears to be a nonbreeder within 6 months of the sale (or within 6 months of when she reaches breeding age) she may be returned to the seller at the buyer's expense. The seller will then reserve the right to prove the animal a breeder within a six month period, using any fullblood registered Lowline bull of his choice through AI or natural service. If successful, seller will return animal to buyer, again at buyer's expense. Should the animal fail to prove a breeder, the seller at his option may either return the purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall the seller be responsible for more than the purchase price. In case the animal in question should develop to be a problem breeder due to negligence or improper management by the buyer or if the female has been subjected to any hormonal or surgical reproduction techniques, the seller's guarantee does not apply. No guarantee is given that bred females will deliver a live calf. No guarantee is given that a female will produce eggs suitable for transplant. All bulls are semen tested. No guarantee is given that a bull will produce semen that will freeze.

Liabilities: All persons who attend the sale do so at their own risk and sale management or sale facilities assumes no liability for any accidents that may occur. Neither does sale management assume any liability for loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God.

Contract: The above terms and conditions shall constitute a contract between the buyer and the seller of each animal sold.

Mail bid: Mail or wire bids may be furnished. Bids must be in the hands of the sale staff in ample time prior to the sale and will be handled in strict confidence.

Yakima's another good, young son of Lazy G Will whose dam is one of eight fullblood Knight-crawler daughters ever registered in the US. This bull sired some incredible soft, easy-sfleshing cattle in Australia and here's a chance to put that genetic influence in your herd.

Why Raise Red Lowlines?

Red-hided cattle reflect 13% to 15% of the sunlight they are exposed to while black-hided cattle only reflect 2% to 5%. Dr. Jan Bonsma, noted South African animal behavior expert, stated that in open country and in warmer climates, black-hided cattle are a no-no. There are great opportunities to market red-hided seedstock both nationally and internationally. These Lazy G cattle incorporate tremendous fleshing ability and carcass quality with their unique color genetics and can make a significant contribution to forage-based beef production in a significant part of the world.
